

## Wonderful Holidays for the Hard of Hearing

At Mountain Whispers – The “MW” Collection, you can enjoy privacy and comfort in a luxurious location, in the World Heritage-listed Blue Mountains. We believe these things should be enjoyed by every single one of our guests, which is why we pride ourselves on going to every length to accommodate all your individual needs.

### An achievement to be Proud of

Every stay at Mountain Whispers is personalised to suit the requirements of each guest. That’s why a leading hearing aid company recently contacted us, asking to feature us in a blog article for them about the best holiday experiences for people with hearing loss. We were delighted that our efforts were recognised in this way by [Connect Hearing](#).

Here are some of the reasons why a stay at Mountain Whispers makes the ideal break for anyone – without hearing loss being an issue.

### Beautiful Accommodation

Our four beautifully restored historical properties, located in Katoomba and Leura, allow you to relax in privacy within stunning surroundings. At Mountain Whispers, every stay is bespoke and catered to your requirements. We listen to your individual needs and cater an experience accordingly.

All television sets and cable TV services within the “MW” Collection have closed captions enabled.  
An inclusive destination

Everyone who visits the Blue Mountains naturally wants to explore the area, but at Mountain Whispers we want to make sure that everyone who does so can enjoy the experience to the full. That’s why we will put you in contact with service providers who can accommodate the needs of those with hearing loss, such as those who are equipped with hearing induction loops. There are a number of these in the area, including:

- Blue Mountains Visitor Information Centres
- Scenic World including Scenic Railway
- City Rail Katoomba & Leura
- Explorer Buses
- Cinemas within the Blue Mountains
- The Cultural Centre, Katoomba

The visitor centre at Echo Point Blue Mountains will go to every length to accommodate visitors with hearing loss – they have hearing induction loops and make sure every visitor has an amazing experience.  
All that’s left to do is relax

Enjoy the privacy and supreme comfort at one of our “MW” Collection properties – take breakfast in the warmth of the Blue Mountains sun, soak in a sumptuous spa or relax in front of a gas log fire. One of our luxury retreat awaits you today.

Escape to yesteryear and allow Mountain Whispers to provide you with a place where memories are made!

Please get in touch for more information about Mountain Whispers – we hope to welcome you as our guest. For more travel inspiration read Connect Hearing’s article: ['Ideas for Travelling with Hearing Loss'](#)
