

## Women in Business Forum

### Striving for Excellence, not average

Coleman Greig Lawyers, in conjunction with our sponsors St George Bank, Deloitte, the University of Western Sydney and 360HR, is thrilled to bring you Dr Fiona Wood, AM.

Professor, ground-breaking plastic surgeon, renowned researcher, former Australian of the Year, Ambassador for Variety the Children's Charity, wife and mother of six children.... Fiona Wood AM certainly leads a full and very rewarding life.

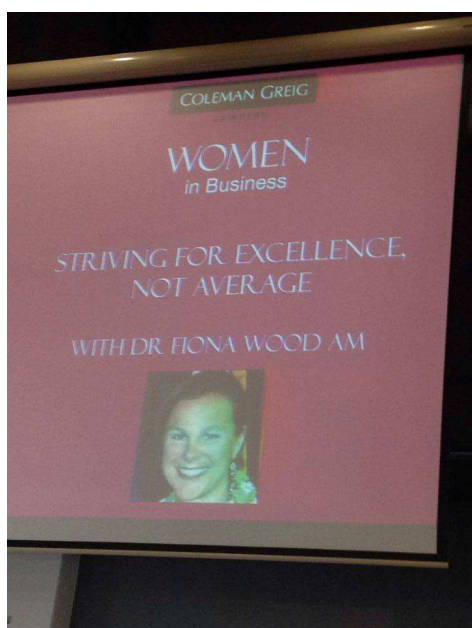

Yet, talk to Fiona and she will be the first to point out that teamwork and dedication are the keys to her success. Whether she is pulling together a crisis medical team to work on victims of the Bali bombings, working closely with fellow researchers to further advance spray-on-skin technology, or operating on paediatric burns patients in Western Australia, Fiona acknowledges the importance of working with others to achieve a common goal and to strive for excellence as a team.

At the next Coleman Greig Women in Business Forum, we will have the privilege of hearing first-hand about the challenges Fiona has faced throughout her career and her most important achievements. We will also hear why Fiona thinks it is so important for everyone to wake up and strive for excellence, not simply accept average!

Join us at this inspiring, and incredibly motivating session where you will also gain an insight into the work of Variety - the Children's Charity and in particular, the women raising money for rural communities - Women on the Bash.

You will also have the chance to win some fantastic prizes including:
