

Thank You

music for life

On behalf of Music for Life I would just like to thank you for your support and donations, the night would not have been such a success if we didn't have your ongoing support, Music for Life appreciates what you have done.

On the night of the Masquerade Ball we raised \$88 700.00 and without you we would not have been able to raise that amount. Over the last four years we have raised \$243 618.00 with all proceedings going to Dr Charlie Teo's Foundation, Cure Brain Cancer.

Many Minds, One Purpose

Cure Brain Cancer Foundation is driving the national research agenda for brain cancer. As the largest dedicated fundraiser for brain cancer research in Australia, we mobilize communities, advocate to government and raise awareness. Their mission is bold: to increase five-year survival to 50% within 10 years.

With your support, Cure Brain Cancer Foundation are one step closer to unlocking the maze of brain cancer, and helping extend the lives of patients suffering from this incurable illness.

We look forward to your support next year with Music for Life being held at Panthers Pavilion on Friday 12th June.

Your donations and support are much appreciated.

Many thanks,

Ann Willmington
