I am in awe of Lorraine, her meticulous attention to detail and her big heart.

She organised for a dear friend of mine who was grieving the death of her daughter and needed some pampering in the Blue Mountains, to have a night at the Gatsby with me.

We were treated like Princesses, with little treats, some quality breakfast items, spa bath with rose petals and delicious wine. The warm comfort in this exquisite home, in relaxing surrounds, was like a sweet & gentle caress for us – especially for my dear friend's sad soul. Thank you for your generosity, Lorraine, and for offering such a divine experience with this utter luxury. Highly recommended for any occasion.
